3rd party projects in the TYNDP – current status

Brussels - 21 May 2013

Reliable Sustainable Connected

Impact of the (EC) 347/2013 Regulation on the TYNDP

- **Inclusion of the 3rd party projects in the TYNDP**
  - The new procedure for the inclusion of the 3rd party projects in the TYNDP
    - Note: By 16 January 2014, the Commission shall issue Guidelines on criteria to be applied by the ENTSO for electricity when developing TYNDP
- **Inclusion of storage in the TYNDP – starting with TYNDP 2014**
  - The EC was asked to give more guidance to ENTSO-E on this matter
- **New CBA methodology – applicable starting with TYNDP 2016**
  - It will be consulted with the MSs on 13 June 2013
  - ENTSO-E will run a web consultation 15 July – 15 September 2013
  - The final version will be submitted to the EC by 16 November 2013

3rd party procedure

November 2012 – February 2013 preliminary discussions between the 3rd party promotes and the impacted ENTSO-E TSOs.

15 February 2013 – 1 March 2013 - submission period of the 3rd party projects

1 March – 30 April 2013–ENTSO-E Secretariat requests, if necessary, some additional information from the promoters

30 April 2013 - ENTSO-E notification of the appraisal results

April - October 2013 – ENTSO-E assessment of the 3rd party projects (based on the TYNDP CBA methodology)

November 2013 notification of the assessment results to the promoters

March 2013 inclusion in the TYNDP 2014 package for consultation

Criteria to be fulfilled by the 3rd party promoter

1. Technical criteria
   - Fill in a table with all the necessary technical characteristics for assessment and modeling of the projects

2. Legal criteria:
   - Information on the promoter (information on the registered undertaking, balance sheet, etc…)
   - Documents which underline existing agreements and commitments between the involved parties, including TSOs

Current status of the 3rd party projects - 1

	Project	Accepted/Rejected projects

16	UK-IE bypassing the IE grid	Accepted

Current status of the 3rd party projects - 2

	Project	In the latest PCI list (30 April 2013)
1	FR-ES-UK	E278
2	UK-FR	E 279
3	IT-CH	E187
4	IE- UK	E156
5	NI-IE-UK	E291
6	Egypt-Libya and Greece (Crete Island),	
7	Cyprus-Israel-Greece	E30
8	Attica - Crete - Rhodes	
9	IE-UK bypassing the IE grid	E150a
10	UK-ES	E131a
11	IE - UK	E149a
12	NO-UK	E261
13,14,15	RU-LT, RU-PL, RU-DE	
16	UK-IE bypassing the IE grid	E304

Next Steps

1. Assessment of the 3rd projects that were accepted for the inclusion in the TYNDP

   -> results of the assessment to be sent to the stakeholders in November 2013

2. A second open call for the PCI projects who did not apply/were rejected in the first call for input

   -> after the Commission issues its guidelines for the inclusion of projects into the TYNDP –expected this summer

3. Mach 2014 – publication of the TYNDP 2014 package for public consultation

4. Mid 2014 – publication of the final TYNDP 2014 package
