

Annexes for Swiss Borders

The involved TSOs for the borders FR-CH, DE-CH, AT-CH and IT-CH have amended the Border Specific Annexes in coordination with the respective NRAs as follows:

- The terms System Security were substituted by referring to operational security limits as stipulated in the FCA GL, the concept of Long Term Firmness deadline has been deleted
- Harmonization of Rights document sending (for FR-CH)
- The status quo was kept regarding firmness of PTRs. Compensation will continue to be based on the marginal price of the initial auction.
