

Baltic Sea Regional workshop on scenarios, TYNDP and Regional plan 2012

Welcome!

24 March 2011

Introduction

Maarit Uusitalo convener Regional group Baltic Sea

Feedback from the previous regional workshop held 12/2009

- Transparency
 - Stakeholders would like to be consulted on criteria, methods and assumptions
- Market Modelling
- Analyses both on Regional and European scale are needed
- Top down scenario for 20-20-20 is a must
- Stakeholders reminds RGSB to look beyond Entsoe
- Stakeholders willing to cooperate with the TSO's
- "Build more and build faster"

Objectives of the workshop

- to discuss the scenarios with stakeholders
- to introduce the roadmap towards the next issue of TYNDP and the Regional Investment plan to discuss the expectations of the stakeholders on the future issues of TYNDP and Regional plans
- to discuss and introduce the procedure and methods to be used preparing for the next issue of TYNDP and Regional investment plan
