

ENTSO-E Public Workshop on NC HVDC - Call for Stakeholder Input

NC HVDC – Next Steps

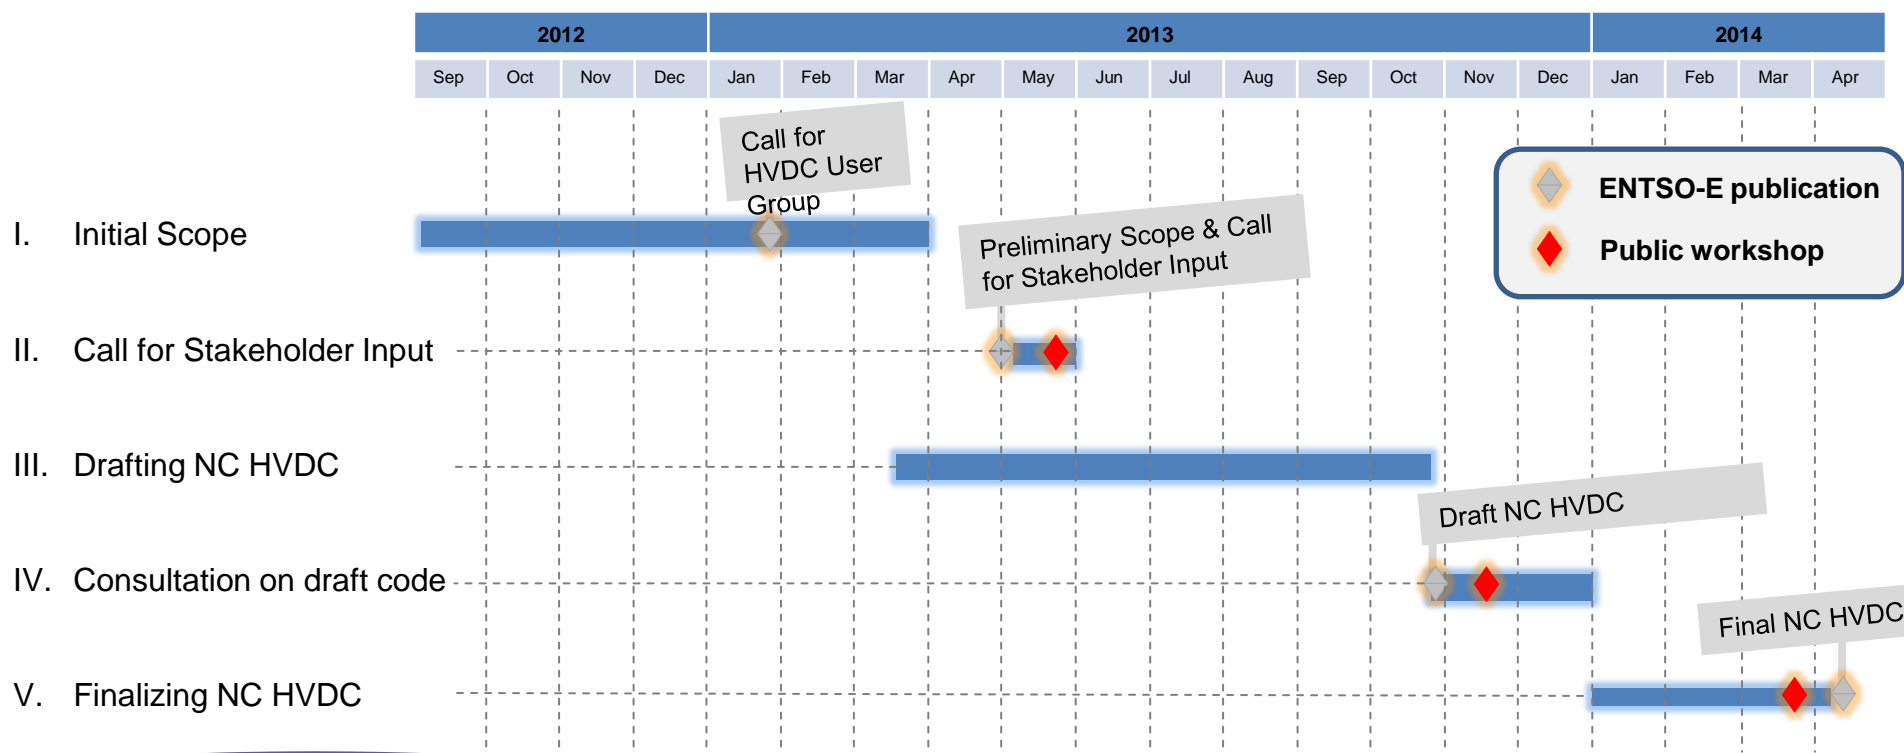

ENTSO-E

Brussels, 23rd May 2013

The “NC HVDC - Call for Stakeholder Input”...

...is a crucial step in the road towards a final NC HVDC...

...but there are still several to go.

How can you contribute in this Call?

- “NC HVDC – Preliminary Scope” and “NC HVDC – Call for Stakeholder Input” can both be found on www.entsoe.eu
- Feedback is requested by 7 June 2013, to be addressed to consultations@entsoe.eu
- Please use the structure / questions of the Call as guidance for your response
- Feel free to convey any other messages and suggestions, relevant in this context

NC HVDC CALL FOR STAKEHOLDER INPUT

JOINTLY PUBLISHED WITH THE "NC HVDC – PRELIMINARY SCOPE"

7 MAY 2013

How can you engage in the further development of the NC HVDC?

ENTSO-E intends to organize two in-depth, written consultations

- 1 – Present Call for Stakeholder Input
- 2 – Consultation on a draft network code in November/December 2013

Open discussions among all impacted parties

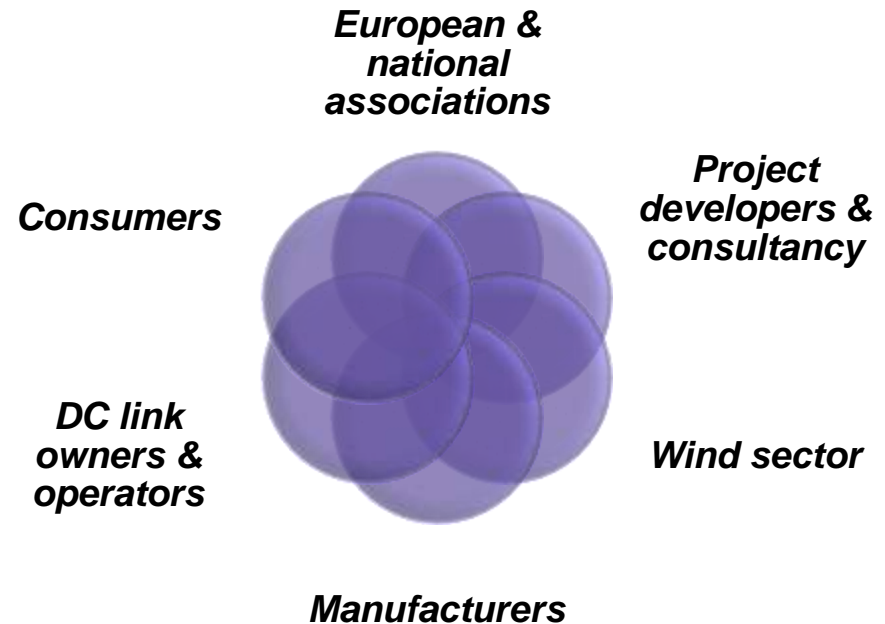

- In workshops during both consultations (Brussels based and on regional ENTSO-E level)
- In forums at national level initiated by your national TSO

Via you sector federation in a dedicated ENTSO-E User Group

- Key forum for a continuous working-level discussions with all impacted parties
- Five meetings scheduled

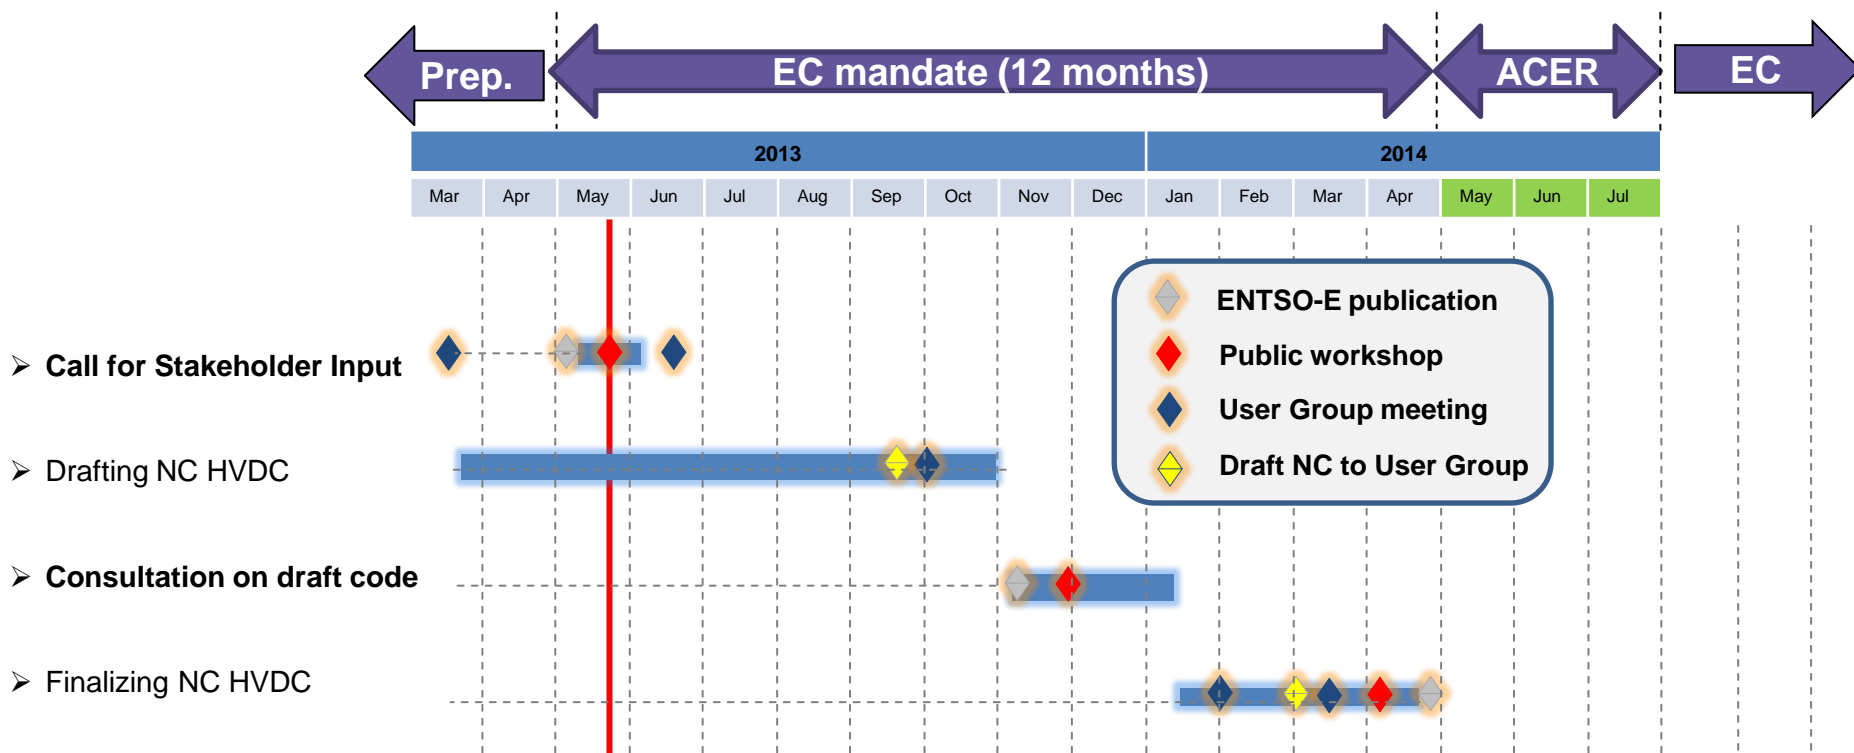

Role of the NC HVDC User Group?

- Open invitation letter published on 31 Jan. 2013
- Extensive interest from various parts of the industry (25 organizations)
- Kick-off meeting on 12 Mar. 2013
- Focus on pan-European associations, but open to others
- Agenda proposed and meeting chaired by ENTSO-E
- Open for ACER and EC to attend
- Ensures link with ongoing work in CENELEC and CIGRE
- **Expectation of active/continuous contribution throughout the entire process**

12 Mar. 2013	<i>Kick-off / expectations</i>
11 Jun. 2013	<i>Call for Stakeholder Input</i>
12 Sep. 2013	<i>First draft NC</i>
... Jan. 2014	<i>Feedback consultation</i>
... Mar. 2014	<i>Towards the final NC HVDC</i>

What happens in the course of the next 12 months? And then?

Round up

Your feedback on ENTSO-E's **preliminary scope and open questions** are essential. Feedback on Call for Stakeholder Input is welcome **by 7 June 2013**

All feedback will be assessed by ENTSO-E and further discussed with a dedicated **NC HVDC User Group**

Argumentation for **draft code** will reflect on all feedback. **Consultation** on the draft code is scheduled for **November/December 2013**

ENTSO-E finalizes its NC HVDC by end of April 2014. Your **further input** via written consultation, workshops or in direct interaction with ENTSO-E is crucial for the **success of this NC HVDC**.
